

## \*\*\*\*\*\* Holiday Budget Tracker \*\*\*\*\*\*

Still working on your holiday shopping list? This worksheet can help you keep track of how much you're spending and who you're buying gifts for.

Use the table below to make a list (and check it twice) of gifts you want to purchase this season. At the bottom, total the amounts in the 'Actual Cost' column to see how much you'll actually spend. Are you under budget or over budget? If you have money left in your budget, you could consider adding someone to the list. If you're over budget, which gift(s) on your list can you adjust to stay within your budget goal?

Happy holidays and happy budgeting!
